Visit our Showroom

A showcase of the groups standard and bespoke products range

Our comprehensive showroom is a 'showcase' for our ever-growing range of standard and bespoke products for our portfolio of national and international customers.

It is a unique facility for customers to view the standard and diversity of our design, manufacturing and finishing skills, installation and fitting abilities in an area dedicated to showcasing examples from our metalwork and joinery ranges.

Amongst the items on display is a selection of the Savekers' suite of interchangeable metal display items, the Cantel range of retail systems, available in a selection of standard materials and finishes. Examples of Point of Sale units and counters are also showcased, alongside our range of bar and counter fittings, glass display cabinets,

The showroom serves to complete the picture for customers visiting our 70,000 square foot manufacturing facility - customers can tour our 45,000 square foot metalwork production and finishing facility, that includes our dedicated electro-plating plant, visit our joinery workshop, meet our sales and customer support teams, review our state-of-the-art product design and CAD technology systems, and now view a selection of finished items that amply demonstrate our exceptional expertise in providing both bespoke and standard product solutions.

For more information and to arrange a visit, call 0121 331 1903 or email one of our team.
