## Shopfittings & Equipment

The scent of good service

Reliable and flexible production and service by Savekers, lie at the heart of its relationship with Shopfittings & Equipment which has worked on the shopfitting of all retail outlets of leading specialist fragrance retailer, The Perfume Shop.

Shopfittings & Equipment has acted as the preferred shopfitter for The Perfume Shop for many years and has worked on the fitting of each of its 116 shops in the UK and Republic of Ireland, whilst continuing with the opening of new branches.

According to Shopfittings & Equipment: "We have been a Savekers customer for more than 20 years, and the service is based on high levels of quality and flexibility. Savekers has a good level of understanding of a shopfitters needs. For example, the company will often manufacture a batch of product for us and then hold stocks on our behalf, so that we can call-off the quantities as and when we need them."

Amongst the items manufactured by Savekers for The Perfume Shop is a suite of chrome plated shelf brackets and polished aluminium wall bars.
