Solutions for healthcare and disabled

Hospitals, Doctors surgeries, Health centres & Care homes

Estates and facilities managers involved in the equipping of healthcare facilities such as hospitals, doctors surgeries, health centres, and private or residential care homes have a specific requirement for hardworking fixtures, fittings and furniture that is robust enough to cope with the high level of wear and tear, as well as which comply with Building Regulations and other legislation that is relevant for these sectors and applications.

Savekers is aware of these legal requirements, and has the design, manufacturing and installation resource to handle the supply of single or multiple items from its standard range, as well as to match bespoke requirements, from reception desks, reception room seating and furniture, to balustrades and handrails, shelving, and fixtures for the disabled.

Disability range

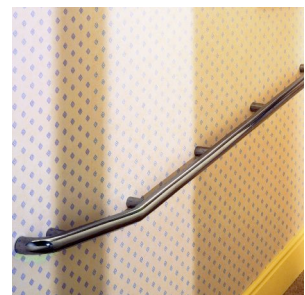

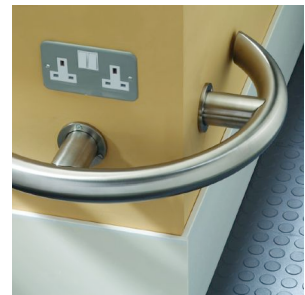

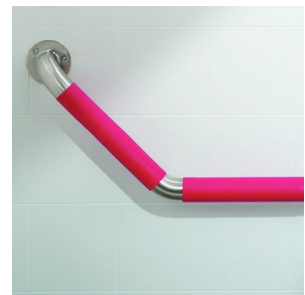

- An extensive range of handrails and support rails designed with the help of the Disability Access Charter to meet the needs of people with disabilities and assist in compliance with the Disability Discrimination Act (DDA).
- All products feature a non-slip grip, available in three colours to provide contrast against background colours for those with visual disabilities.
- The grip is suitable for use in both inside and outside applications.

Standard products

- Table bases, table columns and stools, manufactured to a standard specification from our extensive range, as well as to match customers individual size, finish and design requirements.
- All items available with adjustable and fixed height feet and legs, in a selection of sizes and finishes.
- Wall and floor mounted tip-up seats.
- Shelving and shelving systems for use in office or admin areas.
- Sliding track and glass doors, for use with cabinets and on counters
- Balustrades & Handrails – with adjustable fittings for simple specification and assembly, all balustrades are available in a selection of finishes.
- Fixed and portable pedestrian guidance systems and barriers
- Food Servery systems ideal for the healthcare and associated sectors.

Bespoke products

- Cabinets and counters
- Wooden desks and reception desks
- Wooden/metalwork seating, shelving and furniture.
