## Solutions for the Public Sector

### Solutions for Local Authorities and the Public Sector

Ideal for educational establishments, libraries, emergency services buildings, offices or Council buildings. Savekers standard metalwork product range regarded as one of the most comprehensive currently available in the UK. Our dedicated woodworking and joinery manufacturing facility, enables us to deliver products and solutions to assist with numerous display, storage and consultation applications.

Our standard product range includes barriers, pedestrian guidance systems, counters and counter fittings, display shelving, food servery tray rails, signs and exhibit name holders. In addition we manufacture a range of standard – or to bespoke designs - door handles and an extensive disability range to assist in compliance with the Disability Discrimination Act.

Savekers also manufactures its own Protection Screens, suitable for use in not only post offices, but also police stations, government offices, kiosks and payment offices. These protect staff from threatening behaviour and physical attack, are manufactured to suit individual layout requirements, and provide exceptional security through hidden fixings. We also manufacture and supply a range of stainless steel coin scoops, parcel hatches and cash transfer trays.

We can offer high levels of product selection, bespoke design, modification of standard product design to increase functionality, supported by our team of experienced on-site installation, maintenance and facilities/project management teams. This resource is all held and operated in-house, so Savekers is placed to work with interior designers, brand managers, architects and contractors, to undertake one-off projects or complete renovations and refurbishments.

#### A degree of storage for top university

Savekers supplied the University of Nottingham with a range of shelving systems designed and manufactured to meet the top university's specific design and functionality requirements for its Jubilee Campus Halls of Residence, Library and Teaching Buildings.
