PORTFOLIO

Our history

By embracing our 100 year heritage, industry knowledge and customer feedback, we have established ourselves as a pioneer within our specialist field, recognised for quality, creativity and innovation across our core skills of product design and manufacture.

Our team

Our high experienced team is able to understand the retail industry and interpret client's Individual requirements. We aim to deliver solutions to exceptional standards at our dedicated production facility.

Our standard range

- Sliding Door & Window Track
- Retail Systems
- Counters, Cabinets & Fittings
- Shelving Systems
- Pedestrian, Guidance & Barriers
- Balustrades & Handrails
- Hospitality & Leisure
- Disability Range
- Door Furniture & Window Guards
- Protection Screens

Our total solution

We manufacture a standard range of products recognised as one of the most extensive in the UK using cutting edge manufacturing equipment and skills including a team of technical designers who utilise the latest generation of CAD facilities. We have experienced craftsmen working with wood and metal to create tailored display systems and solutions that make a difference to your business and overall retail experience.

STANDARD PRODUCT RANGE

Sliding Door & Window Track

A range of sliding glass door track systems for either 6mm or 10mm glass.

Retail Systems

Flexible and interchangeable options for POS, storage and product display.

Counters, Cabinets & Fittings

Full display units through to accessories and complementary components.

Shelving Systems

Unobtrusive and flexible solutions for display and storage purposes.

Pedestrian Guidance & Barriers

Functional and durable systems providing solutions for queuing and restricting access.

Balustrades & Handrails

Floor fixing and side mounted balustrading systems and co-ordinating handrails and accessories.

Hospitality & Leisure

Traditional and contemporary products and furniture designed for hotel and leisure sectors.

Disability Range

A range of fittings and accessories in compliance with the DDA 2004.

Door Furniture & Window Guards

Providing decorative and practical solutions in a variety of finishes and design themes.

Protection Screens

Protection Screen systems that provide appropriate security when cashiers or staff require it.

BESPOKE DESIGN & MANUFACTURING AVAILABLE

Savekers Limited

Company Overview

Boasting over 100 years experience as a high quality end-to-end manufacturer and designer of product display and commercial enterprise solutions. Savekers competencies span technical product design, metalwork and joinery manufacturing, standard and bespoke solutions in metalwork and joinery, whether for contract cutting and/or electro plating, standard or bespoke products for a range of disciplines and market sectors.

With manufacturing facilities housed at our 60,000 square foot Birmingham-based head office, Savekers delivers total manufacturing in metalwork and joinery, whether for standard or bespoke products and solutions.

Alongside our specialist CAD technical design team, our production facility includes laser tube profile cutting, flat bed laser, water jet cutting, CNC machining, NC bending, welding, finishing, general fabrication, anodising and chrome plating.

Our dedicated joinery workshop manufactures flat pack, part and fully assembled crafted wooden furniture, including counters, reception desks, storage and display units, shelving, furniture and POS. Our team is experienced in working with solid wood, real wood veneer and laminate, with designs incorporating metalwork, glass or solid-surfacing. Our strict policy of traceability ensures we only purchase timber from sustainable forests and from registered environmentally-friendly sources.

Prototypes form part of our manufacturing process for bespoke design projects. Our skilled workforce can not only create new designs but can also modify existing products to achieve required solutions, whether for single units or high volume manufacture.

For more information or to discuss your requirements, please contact our Sales Team or take a look at our website to view our full product range or download product brochures and technical literature.
